

Ocean City-Wright Fire Control District

April 3, 2020

District Residents,

Based on the release of information from the CDC, Executive Orders from the Governor of Florida, and in an abundance of caution the Ocean City – Wright Fire Control District will be closing its lobby to the public until further notice. This is done in order to protect the public and our members from the outbreak of COVID-19 in our community. The mission of emergency response is crucial.

We understand certain business must continue. A drop box has been placed in our lobby for building plans that need to be reviewed. Once these plans have received approval you will be notified by our staff of a pickup date and time along with any fee that is associated with the review.

During this time access will be restricted to our line firefighting personnel. Regretfully, we will not be accepting food donations or attending outside department community events until further notice. These decisions were not made lightly.

We regret any inconvenience this may cause but feel it is vitally necessary for the safety of all. We will still be available by telephone at (850) 862-1185 for questions and concerns, and during an emergency always dial 911. Thank you for your support and understanding during these challenging times.

Very Respectfully,

W. Mark Bundrick, Fire Chief
